Description

Mounting hardware for high heeled Roller Skate Boots. Quality original parts from Sure-Grip, these bolts measure 2-3/4" in length which works very well with any high heel over 1" high, including Dominion, Sure-Grip, Riedell, EDEA and others. Comes with lock-nut, sold individually as a set of one bolt and one nut. Once the nuts are tightly secured to boot and plate, cut off the excess bolt length with bolt cutters and file down the sharp edges.
